LAKE WALES IS UPGRADING TO ALL-IN-ONE RECYCLING™ WITH CONTAINERS - WHY?
This method makes recycling easier and more convenient, while offering the capability of more volume. Containers reduce the amount of windblown litter and animal disturbances. Containers with lids will take up the same amount of space as your current container, only taller.

HOW BIG ARE THE CONTAINERS?
The containers can hold up to 65-gallons of recyclable items. The containers also have wheels so that residents can easily roll their recyclables to the curb for collection. All recyclables can be mixed together loose in the container.

DO I NEED TO BE HOME TO RECEIVE DELIVERY OF MY NEW CONTAINER?
No. Your recycling container will be delivered to your curb starting the week of October 15, 2018. If you do not receive a 65-gallon recycling container by October 26, 2018, please call Republic Services at 863.665.1489.

HOW FAR FROM THE CURB AND OTHER OBSTACLES SHOULD I PLACE MY CONTAINER?
Place container's no more than 3 feet from the curb; all overhead obstructions (tree limbs and wires) should be a minimum of 13 feet high. The handles must be facing your home and the arrows on the lid must be facing the street.

WHAT DO I DO WITH MY 18-GALLON YELLOW/BLUE RECYCLING CONTAINER?
Residents can keep their 18-gallon recycling container or may return it to the Lake Wales Public Works Department located at 129 East Sessoms Avenue. On and after October 22, 2018, please only use the 65-gallon blue recycling container.
